Simplicity - Performance - Style

Alloy Mallet

The Baytex Alloy Mallet will make light work of securing your stakes into the ground. It's light weight but packs a heavy punch.

Key Features

- Large head diameter virtually eliminates mis-hitting
- Easy to carry and swing
- Easy for inexperienced operators to use
- Less tiring to use even over long periods
- Alloy head won't chip, burr or damage stakes
- The alloy head will be kind to your alloy leg extrusions
- Alloy head means no risk of sparking
