

SEAMLESS COVER, CREATING CONTEMPORARY LINES

Track Liner

Manufactured to precision fitting accurately
between portal bays for a neat taught finish.

SIMPLICITY · PERFORMANCE · STYLE

Keeping you covered and adding style

Fabric

Baytex Liners are manufactured from 100% polyester fire retardant fibre for maximum durability and easy care. All Baytex Silkline fabrics are inherently flame retardant, they have a soft finish with a beautiful silky sheen that resists hard creasing.

Configurations

Baytex Track Liners are carefully manufactured to fit accurately between portal bays for a neat, taught finish. They are made either as a single panel or configurable as a modular system (see drawings below) to fit a variety of frame widths. Only available as a flat/smooth style.

Specifications

All linings are supplied in colour coded carry bags. Valances are included as standard.

Fire Rating Certificates & Flame Retardance

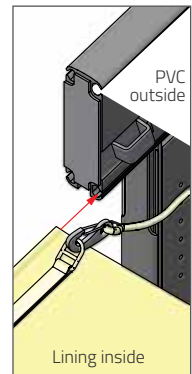

- DIN 4102-1
- AS/NZ 1530; Pts II & III
- NTA 8007:2007 'Brandgedrag van Verseiringsmaterialen' Classification B
