## Baytex Hampton

This has the elegance of a traditional pole marquee teamed with the optimum performance of a fully engineered tensile membrane. The alloy is coated in 'Timbertec' to give a realistic wooden finish.

SIMPLICITY · PERFORMANCE · STYLE

**Elegance & Superior Performance**

This has the elegance of a traditional pole marquee teamed with the optimum performance of a fully engineered tensile membrane. The Hampton will create an unforgettable atmosphere with its clean roof lines and stunning design.

**Fabric**

The Hampton is only sold in Ferrari F402 Champagne. All Baytex Marquees have a high tech lacquer surface coating for a smooth, glossy, dirt resistant finish. Fire retardant fabric specially treated to prevent moisture wicking. High frequency welded for optimum strength, fabricated in NZ.

**Hardware**

Alloy centre and side poles coated in 'Timbertec' to give a realistic timber finish, base fittings and base rails. Supplied with ratchet strap guy tensioners for tensioning effectiveness. Premium NZ sourced.

**Simple Set Up**

Quick and easy installation. Supplied with ratchet strap guy tensioners for installation ease and tensioning effectiveness.

**Easy to Clean**

The PVC surface can be readily cleaned with a non-bleach mild detergent or Baytex 'Sliktop'.

**Manufacturing**

CAD designed and computer cut for dimensional accuracy. Manufactured onsite at Baytex as for the last 40 years.

**Specifications**

The Baytex Hampton can be used as a one pole (9.7m x 9.7m), two pole (9.7m x 15.7m – 6m mid-section) or a three pole (9.7m x 21.2m – 12m mid-section) - just add and remove sections as the event requires. Add extra length to the tent by adding poles and mid sections accordingly. They are fully engineered and manufactured for optimum performance in challenging weather conditions. All Hamptons are supplied with all hardware, PVC roof, plain PVC walling, pegs, peg bags & storm guys.
