

NEW POSSIBILITIES WITH OUR HEX FETE

Baytex Fete

Extremely versatile: as a stand-alone it gives 23sqm of area, linking it together with additional hexes will give you a multitude of layout opportunities, or set a 3x3m Fete alongside for visual interest or central connection.

SIMPLICITY · PERFORMANCE · STYLE

Keeping you covered and adding style

Image Projection

The Fete is excellent for use as a promotional canopy. Project your innovative image, unique logo and identity to the public with this strong, waterproof and wind resistant marquee.

Fabric

All Baytex Marquees have a high tech lacquer surface coating for a smooth, glossy, dirt resistant finish. Fire retardant fabric specially treated to prevent moisture wicking. Choice of either translucent or blackout PVC in white or a choice of colours. High frequency welded for optimum strength, fabricated in NZ.

Tensioning System

Anodised alloy rail components for light weight strength and durability. High quality electro galvanised steel connectors ensure long lasting, clean appearance. Premium NZ sourced.

Simple Set Up

Maximum use of space has been achieved by mounting the centre pole on a set of internal cross wires making the Fete quick and easy to erect and dismantle. Toggled wall attachments make easy installation - walls slide back like a curtain.

Easy to Clean

The PVC surface can be readily cleaned with a non-bleach mild detergent or Baytex 'Sliktop'.

Manufacturing

CAD designed and computer cut for dimensional accuracy. Manufactured onsite at Baytex as for the last 40 years.

Specifications

The Baytex Hex Fete has a total area of 23sqm.

All Fetes are supplied with all hardware, PVC roof, PVC walling, pegs, storm guys, roof bag, wall bag, storage bin.
