

PROVIDING ELEGANCE & SUPERIOR PERFORMANCE FOR ANY OCCASION

Baytex Electron

Think pole marquee, think Baytex Electron. This has the elegance of a traditional pole marquee teamed with the optimum performance of a fully engineered tensile membrane.

SIMPLICITY · PERFORMANCE · STYLE

Elegance & Superior Performance

Think pole marquee, think Baytex Electron. The Electron has the elegance of a traditional pole marquee with the superior performance of a fully engineered tensile membrane.

Fabric

All Baytex Marquees have a high tech lacquer surface coating for a smooth, glossy, dirt resistant finish. Fire retardant fabric specially treated to prevent moisture wicking. Choice of either Ferrari Translucent 502 or Blockout 602 PVC in white or a choice of colours. High frequency welded for optimum strength, fabricated in NZ.

Hardware

Alloy centre and side poles, base fittings and base rails. Supplied with ratchet strap guy tensioners for tensioning effectiveness. Baytex's own telescopic alloy centre pole for quick install is also available. Premium NZ sourced.

Specifications

Baytex Electron Marquees are available in a variety of standard width options of 6m, 9m, 12m, 18m, 20m and 30m. They are fully modular and fully engineered and manufactured for optimum performance in challenging weather conditions. All Electrons are supplied with all hardware, PVC roof, plain PVC walling, pegs, peg bags & storm guys.

Simple Set Up

Quick and easy installation.

Supplied with ratchet strap guy tensioners for installation ease and tensioning effectiveness.

Linings

Don't forget to dress your Marquee with our truly elegant Silkline Linings.

Baytex is a leading designer and manufacturer of sophisticated Lining Systems for special events.

Easy to Clean

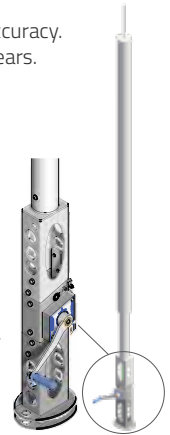

The PVC surface can be readily cleaned with a non-bleach mild detergent or Baytex 'Sliktop'.

Manufacturing

CAD designed and computer cut for dimensional accuracy. Manufactured onsite at Baytex as for the last 40 years.

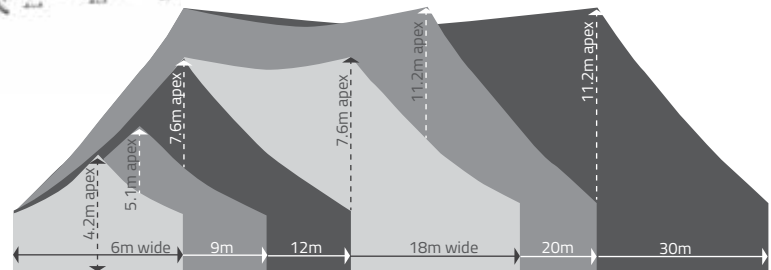

12m & 18m option of Baytex's own unique telescopic alloy centre pole for quick erection by only 3 or 4 installers.

Electron
