BAYTEX GLAMPING COLLECTION

The Baytex Glamping Story

In 2012 we were approached by two budding entrepreneurs with the concept of a Canopy Camping business and the idea of a glamping tent collection to compliment their options. It was a fantastic opportunity for Baytex to design and manufacture our first ever glamping tent. We now have a collection of five fabulous glamping tents, and Canopy Camping Escapes has flourished offering unique accommodation escapes to lovers of the outdoors.

Through working closely with Canopy Camping Escapes and listening to the needs of their clients we have drawn from our vast experience in the tent industry. This has enabled Baytex to design, develop, refine and manufacture 5 models of glamping tent for the Canopy Camping Escapes brand:

- the '**Canopy Deluxe**'
- the '**Canopy Lite**'
- the '**Canopy Pole**'
- the '**Canopy Sleeper**'
- the '**Canopy Pup**'

Our collection is based around the design of the original glamping tent. They all utilise the off-white polycotton DX12 dyanproofed fire retardant canvas, an Australian made fabric produced especially for the Baytex glamping collection.

As well as offering these 5 standard models, Baytex is fully equipped to accommodate customised and unique designs using a wide range of materials for a wide range of conditions.

Baytex supply glamping tents to many of the campsites in the Canopy Camping Escapes collection. Canopy Camping Escapes exclusively promotes the campsites in their collection and manages marketing, bookings, enquiries and payments on their behalf. If you're interested in finding out more about how they work and what's involved in joining the collection, visit canopycamping.co.nz

Company Overview

Baytex is a leading international designer and manufacturer of Marquees, Alloy-framed Structures, Fabric Architecture, Canopies, Tents and Lining Systems. With over 40 years of world-wide experience, Baytex has built a reputation for quality, simplicity and design innovation. Baytex is held in high regard for our:

- range of premium quality products
- ease and speed of installation
- simplicity, performance and design
- commitment to after sales service and support

CANOPY DELUXE

Introducing the Canopy Deluxe, one of our most popular designs. The Canopy Deluxe is a luxury 4mx6m canvas, 'rustic' timber-framed tent designed to sit on a timber deck with a 4mx8m embossed PVC fly.

The Canopy Deluxe features an all-in-one roof and walls that simply pull over the frame. Some of the key design features are the minimised guying at the front outdoor space, the solar view mesh windows with internal zipped canvas, protective canvas rub strips where the fabric sits on framing and PVC patches at load points. The front is designed to be removed in case of damage to zips, and has a built in all mesh screen with a zipped opening to make the most of the view. The large floor space gives you plenty of layout options and an optional internal divider defines the bedroom space.

Specifications

Size	Tent: 4m x 6m Deck: 4m x 8m
Materials	Tent: Canvas - DX12 Dynaproofed: 505g/sqm (14.9 oz) Fire Retardant Windows: PVC Mesh Weather Tex Outdoor Fly: Ferrari Stamoid 6002-10387 Off-White PVC
FR Certificates	Glamping Tent fabrics have been tested to AS1530: Pt2 & Pt3 by an independent testing laboratory and comply with the requirements of NZ Building Code C3: AS1 as a Flame Retardant Fabric

CANOPY LITE

The stylish Canopy Lite is a 3.5m x 4.5m canvas, alloy-framed tent and 3.5m x 6m canvas fly designed to sit on a timber deck.

The Canopy Lite features an all-in-one roof and walls supported by an external alloy framework. It is slightly smaller than the Canopy Deluxe / Pole models and is designed as a more readily transportable option. Some of the key design features are the minimised guying at the front outdoor space, the solar view mesh windows with internal zipped canvas, protective canvas rub pockets and strips where the fabric where the fabric connects to the framing and PVC patches at load points.

Specifications

CANOPY POLE

The unique Canopy Pole Glamping Tent is a luxury 4m x 6m canvas, wooden-framed (logs) tent and 5.5m x 8.5m canvas fly with timber decking.

The Canopy Pole is very similar to the Canopy Deluxe but features an all-in-one roof and walls, supported by an external wooden log framework which characterises it's 'rustic' look and allows the tent to blend seamlessly into forest / bush settings. Some of the key design features are the minimised guying at the front outdoor space, the solar view mesh windows with internal zipped canvas, protective canvas rub pockets and strips where the fabric connects to the framing and PVC patches at load points and cut outs.

Specifications

Size	Tent: 4m x 6m Deck: 4m x 8m

CANOPY SLEEPER

The 'Canopy Sleeper' is designed as a smaller and more economical alternative to the 'Canopy Deluxe' and 'Canopy Pole'. This retains the Baytex Glamping Tent look & feel with the canvas main tent, PVC fly and timber flooring/decking. This 3.3m x 3.3m tent easily accommodates a double bed and small furnishings.

Price Guide prices as of February 2022

Tent \$3,442 +gst
Fly \$1,336 +gst
Tent & Fly Hardware \$ 1,498 +gst

TOTAL \$6,276 +gst
NB excludes decking cost and build

Specifications

Size	Tent: 3.3m x 3.3m / Deck: 3.3m x 5.3m
Materials	Tent: Canvas - DX12 Dynaproofed: 505g/sqm (14.9 oz) Fire Retardant Windows: PVC Mesh Weather Tex Outdoor Fly: Ferrari Stamoid 6002-10387 Off-White PVC

Maintenance	Washing of canvas and PVC annually Reproofing of canvas biannually
Supplied	Fabric for Main Tent (Canvas), fly (PVC), tent poles, guy straps, earth anchors, tent fasteners

CANOPY PUP

The 'Canopy Pup' is the smallest of the Baytex Glamping Tent range and is designed to complement our larger designs as a 'tent for the kids'. The 2.5m x 3.3m Canopy Pup retains the Baytex Glamping Tent 'look & feel' with its canvas main tent, PVC fly and timber flooring / decking and can accommodate 3 single stretchers.

Price Guide prices as of February 2022

Tent	\$2,102 +gst
Fly	\$ 1,043 +gst
Tent & Fly Hardware	\$ 550 +gst
TOTAL	\$3,695 +gst
NB excludes decking cost and build

CUSTOM DESIGN

Custom Design Philosophy

With a long history of custom structure design and manufacture, the Baytex team is no stranger to challenges. Creativity and flair are combined with hard-nosed practicality to ensure that clients get a unique look and performance for their special project.

Baytex is committed to delivering completed projects that are within time, to set quality standards and within the finally agreed budgets, as complied through our qualified Project Management Process. Particular attention is paid to the consultation aspect of this process, between Project Managers, Stake Holders and Interest Groups.

Custom Design Process

Our Baytex Sales staff are here to talk through your requirements and advise, giving you a rough estimate and time line for your project. Once we have gathered the details for your project we can provide a detailed quote including design time and engineering costs. On approval, Baytex designers will produce CAD designed drawings for the frame and fabric. The manufacturing process can then begin and you will be supplied with the Engineering Reports and plans for the framework.

Company Resources

Purpose built 2,5000 sqm factory, fully equipped to handle a wide range of technical fabrics, from the lightest polyesters to the heaviest PVCs and Canvases.

- range of modern, powerful high-frequency welders
- comprehensive range of modern industrial sewing machinery
- state-of-the-art wide beam, multi-head plotter/cutter
- powerful 3D CAD system with form-finding and pattern-generating capability
- comprehensive range of modern industrial sewing machinery
- 20+ full time staff
- in-house engineering department
- customer support / after sales support

GLAMPING ACCESSORIES

Fireplace Options

Baytex can offer two great looking compact high-output fires that can generate up to 7 & 15kws of heat. Both are New Zealand designed and handcrafted using only the best quality materials with a special Hi Temperature paint finish.

Metro LTD Wee Rad

\$3,022 +gst

Features a clean burning firebox design that delivers a peak heat of 15kw to warm your tent. The flat radiant cooktop offers ample space for both pots and kettles.

For use on properties over 2 hectares only

Tested and compliant to AS/NZS2918:2001

Kit includes: Metro Wee Rad, flue kit, flue shield, ceiling unit and 2x flashings

Wagener Sparky

\$3,184 +gst

A small woodburning stove to suit mobile homes to glamping tents. Sparky generates an estimated 7kws of heat output. Use the flat top to boil the kettle for a cuppa.

For use on properties under 2 hectares & above

Tested and compliant to AS/NZS2918:2001

Kit includes: Wagener Sparky, log box, slimline flue kit, ceiling unit and 2x flashings

Triple Skin Flue Kit
included with your
Fireplace

Heat Shield
(required) sold
separately
\$342 +gst

GLAMPING ACCESSORIES

Earth Anchors

Baytex Earth Anchors are a revolutionary new anchoring system for 'fixing' objects to the ground. Lightweight and reusable, they offer heavy-duty load handling with minimum effort and come in many sizes from 230mm-1200mm. Compared to conventional staking methods, the distinctive design of the Earth Anchor boasts impressive holding power and ease of use. Included in your kit.

Verandah Walling

Clear Walling options are offered for our Canopy Deluxe and Canopy Lite range, which gives the ability to offer weather protection for the verandah/extended fly area and provides extra tent space when required, without blocking the stunning view. Optional extra.

Mesh Walling

Mesh Walling is offered as an option for our Canopy Deluxe, Canopy Lite and Canopy Pole to provide protection from bugs and creepy crawlies in those locations that require it. The mesh provides a barrier between the outside and the verandah/extended fly area. Optional extra.
