

SLIKTOP

Sliktop is Phosphate free, non toxic and biodegradable by microbial action and provides an excellent cleaning performance while protecting valuable PVC surfaces when used as instructed.

Instructions for use

Normal Clean:

- Lay out fabric on a clean well drained surface
- Wash thoroughly with 50:1 Sliktop solution using a floor mop or soft broom
- Avoid harsh scrubbing or pressure spraying
- Rinse off with fresh water
- Hang to dry
- Fold and store only when thoroughly dry

Normal Clean
50:1

20ml
1 tablespoon

Spot Clean (prior to regular clean) or Heavy Clean:

- Use 20:1 Sliktop solution to remove small areas of dirt or marks (cleaning with Sliktop may reduce but will not remove embedded marks or stains)
- Finish off with regular clean
- Always be sure to thoroughly rinse off detergent residue
- Never store your PVC in a damp state

Spot / Heavy Clean
20:1

1 litre
50ml

Sliktop Ingredients: non-ionic surfactant, lactic acid, citric acid, urea, coconut oil, food colouring, nonhazardous ingredients incl water
